

# GREEN BUILDERS

Compiled by the...

The Center for ReSource Conservation (CRC) provides contact information for Front Range solar, energy efficiency and green building companies as a service to the community and as part its mission. The CRC or its staff does not endorse any particular company over any other. The CRC offers this information as a guide to help residents make informed resource conservation decisions. If you employ any of the contractors you find on any of our lists please *let them know* where you learned about them.

## What should you do now?

- Contact three to four of these companies and gather the appropriate information from each.
  - When you contact each company tell them you received their information from the CRC.

## We want to hear from you!

Please tell us about your experience—positive or negative—with the companies on this list.

Your feedback will help us improve our services to the community.
